## ABOUT THE EVENT

The DIR-V VEGA nationwide roadshow, jointly organized by IEEE India Council and C-DAC, MeitY, will be held concurrently at various centers across India. This comprehensive training program, encompassing hands-on sessions, offers a deep dive into the VEGA series of processors and ecosystem. The training covers both theoretical foundations and practical applications, including insights into ARIES development boards, SDK and application development. Experts from C-DAC, integral members of the VEGA Processor development team, will deliver the training sessions. This workshop is designed for a diverse audience, including students, faculty members, research scholars, and industry professionals. Certificates will be awarded upon successful completion of the workshop.
